

Student Council Camp 2011

This year was my third year going on Student Council camp at Boyle River. Excited about being one of the year 13's attending this year I packed everything into my knapsack and rushed hastily down to the school. The trip down went exceptionally smoothly apart from getting made fun of for getting a Panini rather than the traditional Culverden Fried Chicken for lunch; it was however, all fun and games.

Before we knew it we were in the great metropolitan hub of Boyle River; population: not very many. Still, there was much to see and even more to do, the leadership activities were approached by the very eager group with the intensity of a magnitude 6.3 earthquake. In the day and a half I had in the 'Boyle' I knew that this was the best Student Council I'd been on. No problem was too great for the group, which is why, after the February 22nd earthquake we could all pull back together so quickly. Organising and prioritising student council events for the year. Then when the news came about the Japanese earthquake, the mufti day, initially intended to raise funds for Christchurch, was changed to charity day for the Japanese Earthquake.

It is these sorts of actions that make me very proud to be a chairman of this Council, and I'm certain that the Student Council will continue to go strong all throughout 2011.
